INDIA MARKETING & BRAND GUIDE

RFP Response & Proposal Standards — NexWave Technologies India

Document Reference: NWTECH-BRAND-2026-001 | Version: 2.0 | Audience: Presales, Proposal Teams, Marketing | Market: India Telecom Sector

This Brand Guide governs all externally-facing proposal documents, RFP responses, marketing collateral, and client communications produced by NexWave Technologies' India operations. Consistency with these standards ensures professional, trustworthy brand presentation in the highly competitive Indian telecom BSS/OSS market. This document is a knowledge base artifact for the RFP automation system to ensure generated proposals comply with brand standards.

1. Brand Identity

1.1 Company Identity Statement

NexWave Technologies Pvt. Ltd. is India's leading BSS/OSS platform company, serving 28 mobile operators across 18 countries with our cloud-native TeleSphere Suite. We enable telecom operators to power their digital transformation — from real-time convergent charging to 5G network slice monetization.

Tagline (India): 'Powering India's Telecom Future' — use on all India-market materials including proposal covers, executive summaries, and marketing decks.

Brand Personality: Expert. Reliable. Innovative. Committed. — NexWave communications should consistently project deep domain expertise, a track record of delivery at scale, and genuine commitment to client success.

1.2 Legal Name & Registration Details

Attribute	Standard Value
Full Legal Name	NexWave Technologies Pvt. Ltd.
Short Form (after first mention)	NexWave
Product Name (full)	TeleSphere BSS/OSS Suite
Product Short Form	TeleSphere
Never abbreviate as	NWT, NWTECH (internal use only; never in client docs)
Registered Office (proposals)	12th Floor, Embassy TechSquare, Outer Ring Road, Bengaluru – 560103
CIN (legal documents only)	U72200KA2009PTC123456
Website	www.nexwavetech.in

2. Colour Palette

2.1 Primary Brand Colours

Swatch	Name	HEX	RGB	Primary Usage
	NexWave Red	`#E60000`	R:230 G:0 B:0	*Primary brand; headings; CTAs*
	NexWave Navy	`#1A1A2E`	R:26 G:26 B:46	*Body text; dark backgrounds*
	Pure White	`#FFFFFF`	R:255 G:255 B:255	*Page backgrounds; clean space*
	Light Gray	`#F5F5F5`	R:245 G:245 B:245	*Table alternating rows; callouts*
	Mid Gray	`#888888`	R:136 G:136 B:136	*Footer text; captions; metadata*

2.2 Secondary / Accent Colours

Swatch	Name	HEX	RGB	Usage
	Compliant Green	`#1A7F3C`	R:26 G:127 B:60	*Compliance status: COMPLIANT*
	Partial Amber	`#B8860B`	R:184 G:134 B:11	*Compliance status: PARTIAL*
	Alert Red	`#CC0000`	R:204 G:0 B:0	*Non-compliance; critical alerts*
	Light Red Tint	`#FFF0F0`	R:255 G:240 B:240	*Highlight rows; totals*
	Navy Light	`#EEF2F7`	R:238 G:242 B:247	*KV table labels; info panels*

Colour usage rules: (1) Never use more than 3 colours on a single page. (2) Red is reserved for NexWave branding — do not use for warnings unless combined with text. (3) Maintain WCAG 2.1 AA contrast ratios for all text: minimum 4.5:1 for body, 3:1 for large text.

3. Typography Standards

3.1 Font Hierarchy

Element	Font Family	Size / Weight	Colour & Usage
Document Title (cover)	Arial	52pt / Bold	NexWave Navy — main title of proposal

Element	Font Family	Size / Weight	Colour & Usage
Sub-Title (cover)	Arial	26pt / Regular	NexWave Red — descriptive subtitle
Heading 1	Arial	28pt / Bold	NexWave Navy — with red bottom border
Heading 2	Arial	24pt / Bold	NexWave Red — subsection headings
Heading 3	Arial	22pt / Bold	NexWave Navy — tertiary sections
Body Text	Arial	20pt / Regular	Black (#000000) — standard paragraph text
Table Header	Arial	18pt / Bold	White on Navy (#1A1A2E) background
Table Body	Arial	18pt / Regular	Black on White or Light Gray alternating rows
Bullet / List	Arial	19pt / Regular	Black — standard bullet lists
Footer / Metadata	Arial	16pt / Regular	Mid Gray (#888888)
Code / Technical	Courier New	18pt / Regular	Black — for API names, version strings, HEX codes

Primary font: Arial (universally supported in Microsoft Office and Google Docs). Do NOT use Calibri, Times New Roman, or decorative fonts in any client-facing documents. Fallback: Helvetica Neue.

4. Document Formatting Standards

4.1 Page Setup

Setting	Standard Value
Page Size	A4 (210mm x 297mm) for India market — not US Letter
Margins (all sides)	1 inch (72pt / 1440 DXA) — standard for all proposal documents
Content Width (A4, 1" margins)	~9,026 DXA / 6.27 inches
Line Spacing (body)	Single (1.0) with 8pt spacing before and after paragraphs
Alignment	Left-aligned for body text; centre only for cover titles
Table Cell Padding	Top: 80–100 DXA, Bottom: 80–100 DXA, Left: 120 DXA, Right: 120 DXA
Header (every page)	Company name | Document title | Classification level
Footer (every page)	Document reference | Version | Classification | Page number

4.2 Document Cover Page Elements

Every client proposal must include the following cover page elements in this order:

- Document title (e.g., 'TECHNICAL ARCHITECTURE & SERVICES') — 52pt Bold, NexWave Navy
- Sub-title describing the document purpose — 26pt, NexWave Red
- Red bottom border line beneath sub-title
- Prepared by / Submitted to lines — 20pt, Mid Gray
- Document reference, version, date, classification — 18pt, Mid Gray
- Classification banner (CONFIDENTIAL / INTERNAL USE ONLY) — 18pt Bold, NexWave Red

4.3 Table Design Standards

- Table header row: NexWave Navy background (#1A1A2E); white text; 18pt Bold
- Alternating row shading: White (#FFFFFF) and Light Gray (#F5F5F5) — always use ShadingType.CLEAR (not SOLID)
- All borders: Single line, 1pt, light gray (#DDDDDD)
- Highlight/totals rows: Light Red Tint (#FFF0F0) with bold text
- Tables must specify both columnWidths (array) and individual cell widths (DXA) for consistent rendering
- Never use percentage widths — DXA values only for cross-platform compatibility

5. Proposal Document Structure

5.1 Mandatory Sections for All RFP Responses

Section	Title	Content Requirement
1	Executive Summary	2 pages max; Vi-specific; mirror RFP language; quantified outcomes
2	Company Profile	Source from NWTECH-CP-2026-001; financials, certifications, references
3	Technical Solution	Source from NWTECH-TECH-2026-001; compliance matrix per RFP section
4	Implementation Methodology	Phase plan; named team; milestone commitments; critical blackout periods
5	Data Migration Strategy	TeleSphere Migration Factory; zero-leakage commitment; parallel run plan
6	Support & AMS Model	SLA schedule; hypercare plan; 5-year AMS structure
7	Commercial Proposal	Source from NWTECH-PPC-2026-001; milestone payments; TCO summary
8	Compliance Matrix	Point-by-point response to all mandatory and preferred RFP requirements
9	Client References	Minimum 3 references; include contact details; note available for site visits
Appendices	Certifications, CVs, financials, legal declarations, NDA, insurance certificates	As required by RFP

5.2 India-Specific Proposal Requirements

- GST & Tax: Always include NexWave GSTIN (29AAACN1234A1Z5), PAN (AAACN1234A), and TDS applicability note in commercial section
- Indian Regulatory: Explicitly address TRAI, DOT, DPDP Act 2023, and GST e-invoicing compliance in the compliance matrix
- Data Residency: Explicitly state '100% India data residency' with MeitY empanelment reference
- Language: Proposals in English only for India enterprise/telecom sector; bilingual (Hindi + English) only for rural/government sector bids
- Currency: All prices in Indian Rupees (INR); include forex protection statement ('all prices in INR; no forex exposure for client')
- Payment Terms: Net 30 days from invoice; milestone-linked structure with bank guarantee for advance payment

6. Messaging Framework — India Telecom

6.1 Key Value Propositions (use in executive summaries)

Value Proposition Theme	Standard Messaging
Scale & Performance	NexWave's TeleSphere OCS is production-proven at 280M subscribers and <38ms P99 at 1.5M TPS — the largest live BSS deployment in South/Southeast Asia.
Zero Revenue Leakage	NexWave's Migration Factory has completed 6 large-scale migrations with zero billing disruption. 100% CDR reconciliation is a contractual commitment, not a target.
5G Readiness	NexWave is one of a very small number of vendors with live 5G SA slice management in production (Crescent Telecom, Q1 2024). Not a roadmap — a reference.
India Commitment	1,200+ BSS/OSS engineers in India, 15 years of India presence, 100% INR pricing, full DPDP/TRAI/GST compliance. NexWave is built for India.
Commercial Certainty	Fixed-price implementation, pre-agreed subscriber volume tiers, AMS escalation capped at 4%/WPI, milestone-linked payments. No commercial surprises.

6.2 Forbidden Language & Claims

- Do NOT claim 'fastest OCS in the world' — use specific benchmarks only (e.g., '<38ms P99 at 1.5M TPS at Stellar Mobile')
- Do NOT claim compliance with standards not yet achieved — use 'PARTIAL' and provide roadmap dates
- Do NOT reference client names without written consent — all case studies in this document are pre-approved references
- Do NOT promise delivery dates not in the approved SOW — always refer to 'per the programme plan in the applicable SOW'
- Do NOT make regulatory compliance guarantees for the client's obligations — NexWave guarantees platform compliance; client retains regulatory responsibility

7. Document Classification Standards

Classification Level	Definition	Distribution & Handling
CONFIDENTIAL	Commercial pricing, client data, internal strategies, financial details	Named recipients only; password-protect PDFs; watermark all pages
RESTRICTED	Technical architecture, certifications, compliance details, case studies	Procurement team only; NDA required before sharing
INTERNAL USE ONLY	Brand guides, proposal templates, process documents	NexWave employees and approved contractors only
PUBLIC	Company overview brochures, product fact sheets, press releases	Freely distributable; no restrictions

All RFP proposals are classified CONFIDENTIAL by default. Include 'CONFIDENTIAL — For [Client Name] Procurement Team Only' on every page footer and document cover.

8. RFP Automation Integration Notes

This Brand Guide is a machine-readable knowledge base artifact for NexWave's RFP automation system. The following fields are tagged for automated extraction and template population:

- [COMPANY_NAME] = NexWave Technologies Pvt. Ltd.
- [PRODUCT_NAME] = TeleSphere BSS/OSS Suite
- [TAGLINE] = Powering India's Telecom Future
- [HQ_ADDRESS] = 12th Floor, Embassy TechSquare, Outer Ring Road, Bengaluru – 560103
- [GSTIN] = 29AAACN1234A1Z5 | [PAN] = AAACN1234A | [CIN] = U72200KA2009PTC123456
- [BRAND_RED_HEX] = #E60000 | [BRAND_NAVY_HEX] = #1A1A2E
- [PRIMARY_FONT] = Arial | [FALLBACK_FONT] = Helvetica Neue
- [TABLE_HEADER_BG] = #1A1A2E | [TABLE_HEADER_TEXT] = #FFFFFF | [TABLE_ALT_ROW] = #F5F5F5
- [DOCUMENT_CLASSIFICATION_DEFAULT] = CONFIDENTIAL
- [PROPOSAL_VALIDITY_DAYS] = 180 | [PAYMENT_TERMS] = Net 30 days from invoice date

Document Control: NWTECH-BRAND-2026-001 | Version 2.0 | Approved: Marketing & Communications Director, NexWave India | Date: January 2026 | Classification: INTERNAL USE ONLY
